

SCOTT MILKISSIMO

4 IN 1

Hot & Cold Milk Frother

Create rich and delicate froth instantly!

SCOTT 4 IN 1 Hot & Cold Milk Frother

SCOTT Milkissimo 4-in-1 Hot & Cold Milk Frother is the no-mess way to create professional quality frothed or steamed milk at the push of a button. The patented frothing technology makes luscious creamy hot or cold milk froth for cappuccino or iced drinks, heats milk for café latte, hot chocolate and other hot drinks. In just a flash, you will have the rich but velvety-soft froth. It is the perfect addition to SCOTT Slimissimo coffee machine.

BPA free for safe use.

Model: 20300

Four functions

Hot milk froth, cold milk froth, hot milk and hot beverages. Perfect for cappuccino, café latte and hot chocolate.

One key operation

Simply press the key once, twice or three times to select hot milk froth, cold milk froth or hot milk.

Large capacity

Maximum 200ml for milk frothing and 250ml for milk heating, large enough to create frothy milk for two standard coffees.

Auto shut off

Dual auto shut off for safe operation when temperature is reached or when milk jug is removed from base.

Two interchangeable whisks

Frothing whisk to create hot and cold foam.

Heating whisk to create hot milk and hot beverages.

Patented frothing technology

The whisk creates a perfect frothing action, gently but quickly whipping air into the milk while heating up.

Accessory storage

The whisk can be stored easily underneath the power base, clipping into place using magnets.

Easy cleaning

The removable whisk and non-stick coating milk jug are easy-to-clean.

Easy Step

- 1 Insert the frothing whisk, pour milk and cover with the lid.

- 2 Press the operating key to select the desired mode.

- 3 Perfectly frothed milk will be ready in seconds.
